

# AOTS Overseas Training Program Production Management in Japanese Concept

Organized by the Association for Overseas Technical Scholarship (AOTS)  
in cooperation with the Confederation of Indian Industry (CII)

AOTS was founded in 1959 as the first organization in Japan to promote technical cooperation in the private sector, with the approval of the Ministry of International Trade and Industry (now known as the Ministry of Economy, Trade and Industry, or METI). This training course, subsidized by the ODA budget of METI in FY2011, is implemented for Indian managers and supervisors of manufacturing companies.

Objective	You can understand production management developed by Japanese companies and how to implement production management activities in your actual production site. In addition, you will learn how to make the improvement plan of production process that you are in charge of. By using audio visual aids, practical exercise and factory visit, an experienced lecturer will teach you lucidly Japanese production management method such as TQM and Toyota production system.
